

## NMSA 22-2C-4

### **Statewide assessment and accountability system; indicators; required assessments; alternative assessments; limits on alternatives to English language reading assessments.**

- A. The department shall establish a statewide assessment and accountability system that is aligned with the state academic content and performance standards.
- B. The academic assessment program shall test student achievement as follows:
  - (1) for grades three through eight and for grade eleven, standards-based assessments in mathematics, reading and language arts;
  - (2) for grades three through eight, a standards-based writing assessment with the writing assessment scoring criteria applied to the extended response writing portions of the language arts standards-based assessments; and
  - (3) for one of grades three through five and six through eight and for grade eleven, standards-based assessments in science by the 2007-2008 school year.
- C. The department shall involve appropriate licensed school employees in the development of the standards-based assessments.
- D. Before August 5 of each year, the department shall provide student scores on all standards-based assessments taken during the prior school year and required in Subsection B of this section to students' respective school districts in order to make test score data available to assist school district staff with appropriate grade-level and other placement for the current school year.
- E. All students shall participate in the academic assessment program. The department shall adopt standards for reasonable accommodations in standards-based assessments for students with disabilities and limited English proficiency, including when and how accommodations may be applied. The legislative education study committee shall review the standards prior to adoption by the department.
- F. Students who have been determined to be limited English proficient may be allowed to take the standards-based assessment in their primary language. A student who has attended school for three consecutive years in the United States shall participate in the English language reading assessment unless granted a waiver by the department based on criteria established by the department. An English language reading assessment waiver may be granted only for a maximum of two additional years and only on a case-by-case basis.

## **NMSA 22.13.1.1.M**

Beginning with the 2010-2011 school year, a student shall not receive a New Mexico diploma of excellence if the student has not demonstrated competence in the subject areas of mathematics, reading and language arts, writing, social studies and science, including a section on the constitution of the United States and the constitution of New Mexico, based on a standards-based assessment or assessments or a portfolio of standards-based indicators established by the department by rule. The standards-based assessments required in Section [22-2C-4](#) NMSA 1978 may also serve as the assessment required for high school graduation. If a student exits from the school system at the end of grade twelve without having satisfied the requirements of this subsection, the student shall receive an appropriate state certificate indicating the number of credits earned and the grade completed. If within five years after a student exits from the school system the student satisfies the requirements of this subsection, the student may receive a New Mexico diploma of excellence. Any student satisfying the requirements of this subsection and completing all other requirements within five years of entering ninth grade, including a final summer session if completed by August 1, may be counted by the school system in which the student is enrolled as a high school graduate for the year in which all requirements are satisfied.

### **Federal Law**

The U.S. Department of Education Elementary and Secondary Education Act Part I SEC. 1111-E-3 states:

#### **ACADEMIC ASSESSMENTS-**

(A) **IN GENERAL-** Each State plan shall demonstrate that the State educational agency, in consultation with local educational agencies, has implemented a set of high-quality, yearly student academic assessments that include, at a minimum, academic assessments in mathematics, reading or language arts, and science that will be used as the primary means of determining the yearly performance of the State and of each local educational agency and school in the State in enabling all children to meet the State's challenging student academic achievement standards, except that no State shall be required to meet the requirements of this part relating to science assessments until the beginning of the 2007-2008 school year.

(B) **USE OF ASSESSMENTS-** Each State educational agency may incorporate the data from the assessments under this paragraph into a State-developed longitudinal data system that links student test scores, length of enrollment, and graduation records over time.

(C) **REQUIREMENTS-** Such assessments shall—

(i) be the same academic assessments used to measure the achievement of all children;

(ii) be aligned with the State's challenging academic content and student academic achievement standards, and provide coherent information about student attainment of such standards;

(iii) be used for purposes for which such assessments are valid and reliable, and be consistent with relevant, nationally recognized professional and technical standards;

(iv) be used only if the State educational agency provides to the Secretary evidence from the test publisher or other relevant sources that the assessments used are of adequate technical quality for each purpose required under this Act and are consistent with the requirements of this section, and such evidence is made public by the Secretary upon request;

(v)(I) except as otherwise provided for grades 3 through 8 under clause vii, measure the proficiency of students in, at a minimum, mathematics and reading or language arts, and be administered not less than once during—

(aa) grades 3 through 5;

(bb) grades 6 through 9; and

(cc) grades 10 through 12;

(II) beginning not later than school year 2007-2008, measure the proficiency of all students in science and be administered not less than one time during—

(aa) grades 3 through 5;

(bb) grades 6 through 9; and

(cc) grades 10 through 12;
