Re: Purchase of Math Professional Development Program

Per NMAC 1.4.1.54 the Zuni Public Schools intends to purchase a mathematics professional development/student instruction program from Houghton Mifflin Harcourt Publishing Company called Math Solutions. The funds used to pay for this program will come from a federal award. The Math Solutions Program is the only program available that meets the requirements of the grant application in that it is research based, listed in the What Works Clearinghouse, serves students in grades K-12, and meets the requirements of an ELL population. The district anticipates the cost of the program to be \$80,000. Should any entity desire to enter a protest against this purchase it must be made in writing within 30 days to:

Martin Romine

Re: Purchase of Writing Curriculum Program

Per NMAC 1.4.1.54 the Zuni Public Schools intends to purchase a writing curriculum program from Scholastic called Six Traits. The funds used to pay for this program will come from a federal award. The Six Traits Program is the only program available that meets the requirements of the grant application in that it is research based, listed in the What Works Clearinghouse, serves students in grades K-12, and meets the requirements of an ELL population. The district anticipates the cost of the program to be \$170,000. Should any entity desire to enter a protest against this purchase it must be made in writing within 30 days to:
